# TRAINING AND PLACEMENT

The Training & Placement department endeavours to provide excellent job opportunities to the students. It also inspires the students to become first generation entrepreneurs. Our vision and belief consolidates in our efforts to ensure that our students become self developed industrialists of tomorrow. The Placement Cell focuses on English proficiency,Internship, placement, industrnial visit, HR Interaction, Alumani Interaction Public speaking, Aptitude test preparation, soft skills, behavioural training, personality development and industry-institute interactions. Our students have a mission of adding value to the society through technological innovation. Thus, the Recruiters have always found value in the quality of students at PVPIT

## *We conduct the following training programs.*

- Soft Skills Training:
  Communication, Email Writing, Mock Interview, Resume Writing.
- Aptitude Training:
  Logical Reasoning, Analytical Reasoning.
- Computer Programming Training:
  C, C++, Java, Advanced Java, Python, Full Stack Development.
- Project Management Training:
  Leadership, Teamwork, Problem Solving.
- Personality Development:
  Interview Skills, Group Discussion, Dressing
- Core Domain Training:
  Engineering Knowledge, Software Development Skills, CATIA, Auto Cad

## Vision of Institute

To satisfy the aspirations of youth force, who want to lead the nation towards prosperity through techno-economic Development.

## Mission of Institute

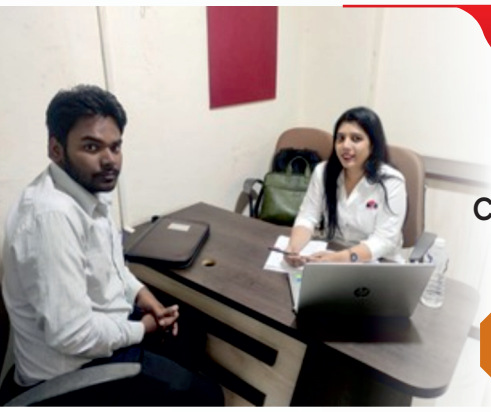
To provide, nurture and maintain an environment of high academic excellence, research and entrepreneurship for all aspiring students, which will prepare them to face global challenges maintaining high ethical and moral standards bymplementing quality practices.

### UG COURSES

| | |
|---|---|
| Mechanical Engineering | 120 |
| Civil Engineering | 60 |
| E & TC Engineering | 60 |
| Computer Engineering | 180 |
| Computer Sci. & Engg.(Data Science) | 60 |

### PG COURSES

| | |
|---|---|
| Mechanical Engineering (Design) | 24 |
| Mechanical Engineering (Heat Power) | 12 |
| Civil Engineering (Construction Mgnt.) | 24 |
| Computer Engineering | 24 |
| E&TC Engg. (VLSI & Embedded System) | 24 |



## PLACEMENT STATISTICS
( TILL DATE )

# 3800 + OFFERS

Computer Engg. - 100% | E&TC Engg. - 100 %
Mech Engg. - 100% | Civil Engg. - 100 %

## INTERNSHIP 1250+

# TRAINING & PLACEMENT CELL TEAM

.... The singular motive of the Training and Placement (T&P) department is to recognize potential and to continuously motivate and nurture such potential. The T&P department believes that talent alone cannot suffice in today's challenging environment and hence assembles various methods of training to the students, such as technical workshops, soft skills sessions, personalized lectures, counselling and much more. The mission is to ensure each student that crosses the boundaries of this Institution into the competitive world, is sufficiently well equipped and a creative contributor towards the nation's economic growth.

## ABOUTUS

.....SAP India is the fastest growing subsidiary of SAP SE, the world's leading provider of business software solutions. Founded in November 1998, SAP Labs India drives SAP's product strategy, is responsible for SAP core solutions and provides product localization and India specific solutions.

.....Unique to SAP Labs India is that it represents the entire breadth of SAP product portfolio and contributes to SAP flagship products such as SAP HANA, the platform for next generation applications and analytics; SAPS/4HANA,the real time ERP suite for digital business and holds key product responsibilities across the Customer Engagement, Human Capital .....Management, Analytics and IoT portfolios.

.....Edunet Foundation (EF) was founded in 2015 to create educational networks that promote employability and entrepreneurship. The organization has enjoyed Special Consultative Status with the Economic and Social Council (ECOSOC) of the United Nations since 2020. With a national footprint, EF's programs, online and instructor-led, benefit tens of thousands of learners every year.

## OBJECTIVE

• Enable students to adopt industry 4.0 technologies such as machine Learning, Internet of things, Computer Vision, Deep Learning, SAP Modules etc. and solve some real-life, Industry Specific, Communi.ty problems Using Technologies.

.....• Students should leverage the center of excellence to learn IR 4.0 Technologies to enhance .....exponential career growth.

## LEARNING OUTCOMES:

•Demonstrate fundamentals of Python tools and its data analytics libraries.
•Apply the basic principles, models, and algorithms of AI to recognize, model, and solve problems in the analysis and design of information systems.
•Analyze the structures and algorithms of a selection of techniques related to machine learning and Artificial Intelligence.
•Able to design and implement various machine learning algorithms in a range of real-world applications.
•Appreciate the underlying mathematical relationships within and across Machine Learning algorithms and the paradigms of supervised and un-supervised learning.
•Be able to identify new application requirements in the field of computer vision using Deep Learning.
• Able to solve real life challenges on computer vison technology.
• Design Prototype level solution using IoT.
•Demonstrate Industry Specific Modules, SAP Technical Modules - SAP ABAP, SAP HANA, SAP analytics Cloud

## PREREQUISITES:

• Basic Knowledge of using internet and computer systems.
• Basic understanding of problem solving.
• Introductory understanding of programming.
Elementary concepts of Probability theory, Statistics & Continuous variable Calculus.
