Computer Engineering can be defined as the technology and science designing, constructing, implementing, and maintaining hardware and software components of contemporary computing systems and equipment that are operated, and monitored through a computer.

"The secret in education lies in respecting students. The great difficulty in education is to get experience out of ideas. You cannot teach a person anything, you can only help him find it within himself."

Conventionally, computer engineering has been viewed as the amalgamation of electrical engineering and computer science. However, over the last fifty years it has evolved to become a separate discipline of study. Computer Engineering has a solid basis on the principles and theories of mathematics, applied science, computing, and engineering. It makes the optimum use of these theories and principles for solving technical problems through efficient designing of hardware, software, processes and networks.

INFRASTRUCTURE

- 8 Computer Labs
- High speed (100 MBPS) internet access
- UPS with backup
- Spacious, well lit class rooms with wide corridors
- Laptop, Projector facility for presentation
- Wifi enabled campus

**Courses Offered
(UG & PG in Computer Engineering)**

Student Chapters

Call of Code

Hackathon

Drone Club

**We Create..
We Simulate..
We Emulate..**

Toppers

PATDAE SANIKA 9.85

ATHARVA WADER 9.71

VAIDEHI UMBARKAR 9.32

Achievements

Team Digital Diplomats for Securing All India Rank-2

Runner Up IXPLORER Web design& Development Organised by IIT Patna

Selected For IHFC Deep Tech Immersion Program at IIT DELHI

BITS PIlani Postman API Hakathon 3.0 Runner-Up

(Gold Medal) Body Builder DSC At University level

Selected For MEHAR BABA DRONE competition

Winner of Intra college competition organised by 'Kimo Generative AI tech

Selected For Masters (Northen University Seattle)

Placement

Heartiest Congratulations

To Final Year 2024 Batch Computer Engineering Students For Getting Placed In Solprosys

Solprosys

SINCE 2006

Pratik Shinde	Pankaj Pawar	Vrushali Mohite	Sanket Bhole	Nirmal Gharpure
Shivtej Bhor	Rhea Patanakar	Tejas Jagtap	Tanishq shinde	Aishwarya Chakrapani

ptc

Saloni Bankar | Achal Malviya

Highest Package In core
9 Lakhs

Sarvesh Shahane | Swaraj Pawar | Abhiram Suradkar

Congratulations to the 2025 batch students
It is a Remarkable Achievement For Placements

And the list Continues….
